REQUEST – REVISED May 8, 2019

(SUP1902) Chicago Dr. Ventures LLC, 4720 52nd St., is requesting to have an open air business, under Sec. 16.3(E), on a parcel of land described as P.P. # 70-14-28-400-051, located at 2700 Chicago Dr., in a (HS) Highway Service Commercial district, Georgetown Township, Ottawa County, MI.

The proposal is to construct a 30,000 building for the use of an open air business for a landscaping company including the outdoor storage of equipment and trucks under Sec. 16.3(E), plus additional tenant spaces. The plan also shows a future 26,800 square foot building.
MASTER PLAN

The proposal is consistent with the Master Plan. The Future Land Use Map designates the area as Highway Service Commercial and the use of open air business is allowed in the HS district.
SUMMARY

a. Setbacks are as follows.

Front on Chicago Dr. – minimum of 30 feet to the property line with landscaping in the first 30 feet, as per footnote (k), including 40 trees for 985 feet of frontage. **As per footnote m, a greenbelt on the rear property line which is adjacent to a residential district, was provided.** A note states that a variance will be requested to waive the greenbelt requirement; however, until such time that a variance is granted (if it is granted), the greenbelt is required and is shown.

b. Sidewalks are shown and noted to be provided unless waived by the Township Board.

c. Sign details are provided (except for the type) and the note states that the sign will comply with Township ordinances. Sign permits are required.

d. **The dimensions of the parking spaces for the trucks and drive aisle dimensions were not provided. Provide on a separate sheet.** Calculations for the number of required parking spaces was provided and meets ordinance requirements.

e. The zoning to the east was correctly provided.

f. The streetscape meets ordinance requirements. The 25 foot greenbelt along the rear property line was provided with one evergreen for each 20 feet of width, or fraction thereof, and existing trees to count for 10 trees. A note states that a variance will be requested to waive the greenbelt requirement; however, until such time that a variance is granted (if it is granted), the greenbelt is required and is shown.

g. Provide dumpster details including dimensions and materials to be used for screening.

h. **Coordinate water and sewer with the DPW.**

i. **A Storm Water Drain Permit (written permission from the Drain Commissioner’s office) shall be submitted to the Township prior to the issuance of a building permit.**

j. **The floodplain elevation is noted to be 613 and some elevations on the site are lower. If there is to be any activity within the floodplain, a DEQ permit is required.**

k. See the following special use standards.

l. Note, as per the applicant, the elevations are mismarked. The west elevation is actually the east elevation and the east is actually the west. The north elevation is actually the south and the south is actually the north.
General Special Use Standards

(1) Be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance, with the existing or intended character of the general vicinity and that such a use will not change the essential character of the area in which it is proposed. Appears to be met.

(2) Be served adequately by essential public facilities and services such as highways, streets, police, fire protection, drainage structures, refuse disposal, water and sewage facilities, or schools. Appears to be met.

(3) Not create excessive additional requirements at public cost for public facilities and services. Appears to be met.

(4) Not involve uses, activities, processes, materials, and equipment or conditions of operation that will be detrimental to any persons, property, or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare, or odors. Appears to be met.

Specific Special Use Standards
