While we continue to work toward the ultimate goal of full service and in-person programming, we do so with caution and while putting safety first. All of our August programming will take place outside (weather permitting) or in spaces that allow for proper social distancing. To control the attendance size, we ask that you pre-register for programs online or at the library (or give us a call and we’d be happy to help too!).

Stop by the new outdoor Farmers Market conveniently located right outside the library. We have fresh produce, baked goods, eggs, meat, flowers, and kettle corn, as well as many artisan vendors. We also have live music, food trucks, and other special programs on various dates.

In September, we hope to be able to start offering multiple, limited-occupancy movie programs and get the Pins & Needles craft group going again as well. Stay tuned for more info via our website, Facebook, or your next visit to the library.

Thank you for your continued patience and flexibility as we work to provide the best service to our community in the safest way possible! If, at any time, you have questions or concerns, please let us know and we will do our best to address them.

Hi-Lo Collection

We’re adding another new collection! Hi-lo (high interest, low readability) books are great for older kids who struggle with reading but do not want to read “little kid” books, or those reluctant readers who need something highly engaging to make reading more fun. This collection will be interfiled with other chapter books but will be marked so that they are easy to find.

Kids Digital Collection Available 24/7
